

**Common Core Instruction for ELA and Literacy
Text Complexity**

Reflections

1. What will be your first step in preparing for a shift to more complex text in your reading instruction?

2. What current practices or local resources exist for you and/or your colleagues to draw upon to support students in progressing up the "staircase" of text complexity?

3. What would you like to know more about?

4. How has this activity increased your understanding of the instructional core?
